

Anurag Anand

To leverage my leadership, project experience, and cybersecurity expertise while expanding my knowledge to drive impact.

anuragged Anurag Anand anurag.anand.22cse@bmu.edu.in 9625150235

EXPERIENCE

CARE INSURANCE | INTERN

Jun 2024 – Jul 2024 | Gurugram, Haryana, India

- Developed a fitness app for Care Insurance, enabling customers to maintain a healthy lifestyle, thereby benefiting the insurance company.
- Built both a mobile app and a website during the internship using Java and web development tools, including HTML, CSS, and JavaScript.

CLUB SIERRA | DESIGN LEAD

2023 – Present | BML Munjal University, India

- Led major university events as the Design Lead for TEDx and Club Sierra, overseeing branding and promotional materials.
- Managed visual elements and collaborated with teams to ensure high-quality event execution and branding consistency.

PROJECTS

SECURE AUTHENTICATION AND KEY MANAGEMENT IN FOG-BASED WSNS |

CYBERSECURITY, FOG COMPUTING, REVERSE ENGINEERING

Jan 2024 – May 2024

- Implemented robust key management protocols for Fog-based wireless sensor networks, incorporating reverse engineering concepts for enhanced security analysis and protection.

OWASP JUICE SHOP - APPLICATION SECURITY TESTING | CYBERSECURITY

Aug 2024 – Dec 2024

- Conducted a comprehensive security assessment on OWASP Juice Shop, identifying multiple critical vulnerabilities and demonstrating strong ability to detect security flaws.

SECURE MESSAGING SYSTEM | BLOCKCHAIN, CYBERSECURITY, ENCRYPTION,

DECENTRALIZATION

Dec 2024 – Present

- Developed a decentralized blockchain-based messaging platform with end-to-end encryption.
- Converted messages into hash dust to ensure tamper-proof, highly secure communication.
- Implemented cryptographic algorithms to maintain privacy and integrity of user data.
- Designed the system to prevent unauthorized access and data leaks.

CERTIFICATIONS

- Introduction to IoT – IIT Bombay | IoT Fundamentals
- AI For Everyone – DeepLearning.AI | AI Basics
- IoT Cloud Services – UC San Diego | Cloud Integration
- Number Theory and Cryptography – UC San Diego | Cryptography

SKILLS

PROGRAMMING

Proficient:

C++ • Java • HTML/CSS • JavaScript

Experienced:

Python • SQL • Arduino IDE

Learning:

Solidity • Rust

LIBRARIES/FRAMEWORKS

Node.js • React • OWASP ZAP • Firebase • Tailwind CSS

TOOLS/PLATFORMS

Git • Burp Suite • Wireshark • WordPress

EDUCATION

BML MUNJAL UNIVERSITY

BACHELOR'S IN COMPUTER SCIENCE

2022 - 2026 | Gurgaon, Haryana

Cum. GPA: 7.6 / 10.0

MISHRA'S RESIDENTIAL PUBLIC SCHOOL

HIGHER SECONDARY EDUCATION (CBSE)

2019 - 2021 | Deoghar, Jharkhand

Grade: 92%

ACHIEVEMENTS

- Helped a local NGO go online to showcase handmade goods through LinkRow.
- Proposed a fitness app for insurance platforms, earning recognition from CareInsurance seniors.

INTEREST/HOBBIES

- Game Development
- UI/UX Designing
- Exploring emerging technologies
- Media Consumption
